Portfolio <https://auth-reeact.web.app/>

Objective

I am a hard-working and dedicated learner. I'm always learning new technology for a better experience.

My Skills

Expertise Html, CSS, Bootstrap, JavaScript, React, React-hook form, React-Bootstrap, React-Router.

Familiar Material UI, Firebase, Sass, Node.js, Express.js, MongoDB.

Comfortable React Native, Php, Laravel,

Tools Git, Github, Netlify, Heroku.

My Projects

04/21 - 05/21 Interior Acre

Live : <https://interioordeesign.firebaseio.com/>

Client : <https://github.com/client>

Server : <https://github.com/server>

Tools : HTML, CSS, Bootstrap, JavaScript, React.js, Node.js, Express.js, MongoDB.

- Built a full stack web app that allows users to book a service and pay with a credit card.
- New services can be added to the home page from the admin page.
- The service recipient can give a review which will show on the home page.

03/21 - 04/21 Doctor's Portal

Live : <https://doctors-poortal.web.app/>

Client : <https://github.com/client>

Server: <https://github.com/server>

Tools : HTML, CSS, Bootstrap, JavaScript, React.js, Node.js, Express.js, Nodemon, MongoDB.

- Home, Head, Services, Employers, Testimonials, Contacts.
- Clicking on the login button from the home page's navbar will

bring up a signed form attached to Firebase.

- Clicking admin from the home page's navbar will show the date on which the booking was made if signed

03/21 - 04/21 **League of Legends**

Live : <https://kind-hawking-4d0677.netlify.app/>

Github: <https://github.com/jyotirm0y-paul/League-of-Leagends>

Tools : HTML, CSS, Bootstrap, JavaScript, thesportsdb api, React.js.

- The name of the league's banner and some players are shown on the home page.
- Clicking on the explore button from the home page will take you to a separate page.
- A separate page will show the description of the league and a link to social media.

Educational Qualification
